CUSTOM BRUSH TEETH WHITENING PEN

NO strips or trays. Every treatment is custom to you! This is also the safest way to protect delicate gum tissues from gel transfer!

PERSONAL LED LIGHT

LED promotes dehydration which opens the pores of the enamel to allow the whitening gel to "sink in" and gently remove stains.

" I have tried SO many systems before with either little results or painful side effects. I was thrilled to see amazing results but even more amazed that there was NO after sensitivity!"

MICHELLE - VANCOUVER, CANADA

"After being self conscious for years, I am so happy with my smile after using Beautiful Bright Smile. After only 3 at home treatments all the coffee stains were removed and my smile glowed!"

CHRISTINE - LOS ANGELES U.S.A

MOST POPULAR

BEST OF BOTH WORLDS

INCLUDES BOTH BBS FORMULAS

4ml Kit **\$110**

1 X High Performance Gel Pen

1 x PURE Chemical FREE Gel Pen

Recommended Usage: Interchange the High Performance and Pure Formula 4-5 times per week.

Recommended Treatment Time: 15-20 Minutes.

Why Choose Best of Both Worlds?

With the offering of both gel types, this kit is a great way to try both formulas and determine which works best for your enamel!

We recommend interchanging the 2 gels every other day for continuous, safe brightening action!

OUR EXTRAS:

Peppermint Chapsticks – These delicious chap sticks not only feel and taste amazing on your lips but they also add an added layer of nourishment to protect against dehydration. Loaded with Vitamin E, this protects the tissue if gel transfer occurs!

Paper Straw – Intended as a one time use after your FIRST at home treatment. It is important to keep fresh stains off your newly brightened enamel for up to 8 hours!

Shade Guide / Consultation Card:

Track your progress with our re-useable shade guide charts! If you are having difficulty with your results please refer to the FREE personalized consultation information located on the flip side of the card!
